

SCHOOL SUPPLIES, ORPHAN SPONSORSHIP & SHOES THAT GROW

The children come to school willing to learn however they come hungry, broken shoes, unkempt uniforms or clothing, etc. For your monthly donation of \$30.00 p/mth to support a child in the Slums of Baba Doga, Nairobi and Village of Awendo, Kenya. Your dollars are very important for this Village child to complete an education and support them to help the village and family. With Shoes that grow we are able to stay with the child up to 5 sizes! The best thing we are able to get them in Kenya saving us the transportation costs from America.

All of the donated school supplies are given to all the children depending on the grade and the item. Pencils are always needed as well as lined paper, we are able to purchase these items in Kenya saving us the transportation cost. Backpacks are in highly needed, the sewing circles in the village and city will be able to make them here soon once they have learned to use the machine properly.

Give a man a fish, and you feed him for a day. Teach a man to fish, and you feed him for a lifetime. - Matthew 4:19.

ORPHAN SPONSORSHIP

You will receive the name and a picture, should you want it, of the child that your dollars will support this school year as well as progress of the growth and improvements of the school. The \$30 may not seem like a lot to those of us in the U.S. school system however this will ensure that your child has:

- Monthly Admission Fee
- Uniform and Shoes
- Teacher Salary
- Learning Materials
- Meals: Breakfast & Lunch-Food, cook,
- Administration
- Enrichment: Planting, Sewing, Art, Music, Languages.

SHOES THAT GROW

The Shoe That Grows was designed to be a longer-lasting solution for kids living in poverty. It expands five sizes and lasts for years, providing health, access to education and happiness. A \$20 donation will send one pair of shoes. With Shoes that grow we are able to stay with the child up to 5 sizes! The best thing we are able to get them in Kenya saving us the transportation costs from America.

DORCAS DESTINY INTERNATIONAL

Programs and services

Our programs are based on the need of the school and community that we are working in: **We currently have 3 schools of about 1000 children in total where 40% are orphaned by one or both parents.** We are looking to create a future they can thrive in and have opportunities with a good education, moral support and healthy medical.

Dorcas Destiny International is driven by a single goal; to do our part in making the world a better place by impacting each individual we help. We strive to build productive relationships with supporters, donors, and communities to make a positive impact.

We will achieve much with our initiatives through the support of those who give and those who will go! Our vision includes providing access to tangible resources that will help improve the lives of and futures of the children and women in Kenya, East Africa.

We are so happy you're interested in getting involved with our work here at Dorcas Destiny International. **There are so many ways for you to help, and we truly appreciate each and every effort.** By lending your support, you'll become a valuable part of our Nonprofit Organization and help to strengthen our operations

Our History

Started in 2016 with pure passion we have since 2017 we visit every year the new programs are created based on the needs. In 2021 we have not only electricity now but also running water, WIFI since 2018, plus more programs to become self-sufficient with micro-enterprises recently.

EDUCATION AND CAREER DEVELOPMENT

Connecting the divide is our School Technology, Equipment & Supplies (TES) TES, enables students to learn in a functional environment that includes basic learning necessities such as desks, chairs, and classroom supplies. Currently, students and teachers do not have adequate desk space and basic school supplies. **Moreover, by closing the large digital divide in this community, students can acquire limitless knowledge and information** that is only accessible through the internet.

ARTS AND CULTURAL EXPERIENCE

We work on the children having an experience in Art and other Cultures

MICRO ENTERPRISES

is a key goal for us to help them get long lasting independence. We have started with education & technology training, education crossroad, a botanical project and sewing enterprises for additional revenue for the children in the future.

Health and Life Skills

Community where access to medical care and doctors is scarce. PUHCs provide screenings, treatment of common health conditions including malaria, allergies, diabetes and the like for the people **who otherwise cannot afford care. (or due to their location and socio-economic situation,** basic healthcare services are not available). Such as Dental and eye options.

Get involved

The contribution of your knowledge in a field, donation or the support in your time makes a difference for the children and their futures

Donate

You can have monthly donations to our different sponsorship programs or for the general cost of the organization to keep supporting.

Donate a specified amount weekly, monthly or other.
